

2009 FARLEY PROFESSIONAL LECTURE SERIES

GAMBLING TREATMENT: WHEN LUCK RUNS OUT

Friday, January 23, 2009

9:00 am - 12:00 pm

Farley Hall

Facilitated by:

Sandra Rasmussen, PhD, CAS

Family Therapist

Williamsville Wellness Gambling Treatment Center

At the completion of this workshop, participants will be able to:

1. Acknowledge the prevalence of gambling throughout history from China to the Colonies.
2. Grasp the scope of gambling in 21st century America with its “unreasonable accommodations.”
3. Compare and contrast theories and models of compulsive gambling from sin to synapse.
4. Screen and diagnose compulsive gambling using the G.A. Twenty Questions, South Oaks Screen, and the *DSM-IV-TR*.
5. Profile gamblers by gender, age, and ethnicity: a “who’s who.”
6. Identify similarities and differences between compulsive gambling and substance use disorders: “no slurred speech, no dilated pupils, no dirty urines.”
7. Review treatment process for gamblers, especially an individual emphasis.
